

ITEM NO: 16

SUBJECT: NOTICE OF MOTION - TREE PLANTING ALONG LURLINE STREET, KATOOMBA

FILE NO: F00088

Notice of Motion by Councillor Hamilton and Myles:

That a report comes to Council detailing suitable trees for planting along Lurline Street Katoomba:

Background

I have been contacted by a Katoomba resident pointing out the above street, for the most part, has no trees and is currently an eyesore. This resident suggests that the planting of trees would visually enhance the area, provide shade in summer, attract birds and reduce carbon emissions.

Lurline Street is used by many residents and tourists accessing Echo Point, the National Park and various commercial attractions along the way. The planting of appropriate trees would make this an appealing and welcoming gateway to these areas.

Perhaps, some of the funds collected from Pay and Display at Echo Point could be used for this purpose.

ITEM NO: 17

SUBJECT: NOTICE OF MOTION – WILDLIFE CORRIDOR ON COUNCIL CONTROLLED BUSHLAND

FILE NO: F00088

Notice of Motion by Councillor Greenhill:

That a report comes to the Council about the efficacy of creating a wildlife corridor on Council controlled bushland between North Warrimoo and the Blaxland Waste Facility. That any process identified include proper engagement with traditional owners.

Background

This refers to the issue raised by Mrs Bewley at the last Council meeting during deliberations regarding Wildlife Protection Areas.

ITEM NO: 18

SUBJECT: NOTICE OF MOTION – ADDITIONAL LOCATIONS FOR BLUE MOUNTAINS RUGBY

FILE NO: F00088

Notice of Motion by Councillor Greenhill:

That a report comes to the Council regarding access by Blue Mountains Rugby to a further location for both training and junior games. That the report analyse any potential areas that may be available and their efficacy, recognising current usage.

Background

Blue Mountains Rugby wants to find out what options exists for junior games and some training on grounds other than Lapstone. Rugby is concerned that the ground is becoming overused as the club grows and develops.

ITEM NO: 19

SUBJECT: NOTICE OF MOTION – OPTIONS FOR THE MOUNTAIN YOUTH RESOURCE ORGANISATION BUILDING AT MT RIVERVIEW

FILE NO: F00088

Notice of Motion by Councillor Greenhill:

That a report comes to Council regarding short and medium term options for the Mountain Youth Resource Organisation (MYRO) building at Mt Riverview, given its current state of under-utilisation.

Background

While MYRO the still operates an "out-reach" service, the building at Mt Riverview is largely un-used. This is a valuable resource and there are a range of community organisations in the lower mountains like the Wood Turners, Men's Shed and others who currently cannot operate to their full potential for want of a facility.
