plans & documents

Please complete the following details where plans and / or documents are provided

Type of plan / document title

Prepared by

Dated

Site plan & statement

A site plan detailing cross sections and showing the location of the structure in relation to the property, trees, roads, telegraph poles / lights and footway / footpath / kerb and gutter areas. Include dimensions, sight line distances and access entry / exit points.

Include a statement on proposed management of deliveries to and from the site and / or use of any cranes, access gates, etc.

Design plan

Details of the design and compliance with relevant standards, codes and risk assessment recommendations is required. Supplier certification or structural engineer certification will be required where stated by Council's policy and / or any other Code or Standard.

Dilapidation report

It is recommended that you lodge a dilapidation report outlining the condition of the road reserve and / or public area prior to commencement of the works.

Traffic/ pedestrian management plan

Details the measures to be taken to ensure that road users are able to travel through, past or around the area in safety. This plan will be required were the erection or placement of a temporary fencing structure and / or access to the site encroaches or impedes the movement of vehicular, pedestrian traffic or interferes with sight lines.
