Pre-installation Checklist and Certification

TO BE COMPLETED DURING QUOTATION PROCESS / PRIOR TO INSTALLATION OF THE SOLID FUEL HEATER

As an accredited installer within the Blue Mountains local government area, your assistance is sought in ensuring, as far as possible, that safety and localised air quality problems from new installations do not occur. As part of the certification process to Council, you are requested to complete the following pre-installation checklist during the quotation process and return the form to Council in the normal manner after the installation is completed.

The checklist has been included to provide assurances to residents and Council by confirming that the solid fuel heater will be installed in accordance with Australian Standard 2918-2001 and further is unlikely to impact on nearby premises.

ITEM	YES	NO	N/A
1. Does the heater comply with the emission controls of AS 4013.1999?	<input type="checkbox"/>	<input type="checkbox"/>	
2. Will the proposed chimney be 1 metre above any other building within a 15m radius?	<input type="checkbox"/>	<input type="checkbox"/>	
3. Will the flue height be at least 4.6m above floor level?	<input type="checkbox"/>	<input type="checkbox"/>	
4. Is the proposed flue 600mm above any structure within a 3m horizontal radius?	<input type="checkbox"/>	<input type="checkbox"/>	
5. Does the topography of the site or likely weather patterns or configuration of nearby dwelling/s indicate a potential to cause a smoke nuisance?	<input type="checkbox"/> *	<input type="checkbox"/>	
6. Are there any significant trees or other environmental or structural factors in the immediate vicinity that may cause a smoke down draught?	<input type="checkbox"/> *	<input type="checkbox"/>	
7. Does the proposed installation meet the requirements of AS 2918-2001 in regard to:			
• Clearance/s from combustible and non combustible materials	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Roof and ceiling penetrations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Floor protection	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Safety clearances	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Heat shielding	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Flue system	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
• Flue diameter	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

* **Where the answer to question 5 and 6 is Yes**, consideration should be made to not install the heater or relocate the heater to another position within the dwelling, that will enable the proposed installation to meet the above requirements.

If the property owner is not receptive to your recommendation to either relocate the position of the heater or refrain from installing the heater, you are requested to return this form to Council by fax on 4780 5555 for appropriate follow up action by Council.
