

ITEM NO: 18

SUBJECT: Power Failures at BMCC HQ

FILE NO:

How much work time has been lost due to the impact of power failures at the Katoomba Admin HQ in the past month?

Has there been a similar impact on the South Street depot?

Note by Councillor Myles:

There have been a number of power failures at the BMCC Katoomba Admin HQ recently. A short outage prevents many staff from completing work tasks while an outage of over 1 ½ hours requires staff to be sent home for the day. Loss of productivity should be a concern for this Council.
