The City of the Blue Mountains is located within the Country of the Darug and Gundungurra peoples. The Blue Mountains City Council recognises that Darug and Gundungurra Traditional Owners have a continuous and deep connection to their Country and that this is of great cultural significance to Aboriginal people, both locally and in the region.

For Darug and Gundungurra People, Ngurra (Country) takes in everything within the physical, cultural and spiritual landscape - landforms, waters, air, trees, rocks, plants, animals, foods, medicines, minerals, stories and special places. It includes cultural practice, kinship, knowledge, songs, stories and art, as well as spiritual beings, and people: past, present and future.

Blue Mountains City Council pays respect to Elders past and present while recognising the strength, capacity and resilience of past and present Aboriginal and Torres Strait Islander people in the Blue Mountains region.

The information in this guide was updated in early 2018 and to the best of our knowledge was correct at the time of printing. It focuses on basic community care support services that are known to the Blue Mountains Community Care Forum. For full listings of services please refer to relevant websites included in this guide (see page 6).
Dear Blue Mountains Resident,

I am pleased to present the 5th Edition of the Blue Mountains Community Care Guide, which provides listings of services in the Blue Mountains, including some services subsidised under the Commonwealth Home Support Program (CHSP), Home Care Packages and the National Disability Insurance Scheme (NDIS). The aim of these services and many others in this booklet, is to help make life a little easier for people who choose to stay in their own homes, but whose age or disability means they need support.

For improved access an audio CD version of this handbook is also available by contacting your local Neighbourhood Centre or visiting www.bmcc.nsw.gov.au to download a copy.

If you require more information about this Guide, please call Blue Mountains City Council’s Aged and Disability Services Development Officer on 4780 5546.

How to use this Guide

This Community Care Guide provides a starting point for people looking to access basic information on the type and range of services available for older people, people with disabilities and their carers living in the Blue Mountains.

This Guide does not attempt to list all services that are available but provides information on services that are known to the Blue Mountains Community Care Forum, a local forum of service providers convened by Blue Mountains City Council.

**For aged care services**, many of the services listed here are registered on My Aged Care and are subsidized by the government. To help identify these services, they have the following tag linked to their entry.

![MAC Registered Service]

For a full listing of My Aged Care registered services, please visit [www.myagedcare.gov.au](http://www.myagedcare.gov.au) or ring **1800 200 422**. To understand how to access aged care services, see pages 8-12 of this guide.

**For disability services**, many of the services listed here are registered on NDIS. To help identify these services, they have the following tag linked to their entry.

![NDIS Registered Service]

The Commonwealth Home Support Program (CHSP) provides support to people aged 65 and over (50 and over for Aboriginal and Torres Strait Islander people) who need some help with daily tasks to continue to live at home independently. It focuses on working with you to maintain and build on your strengths and capacities to live independently and safely at home.

A number of services are available in this program such as:

<table>
<thead>
<tr>
<th>Personal care</th>
<th>Nursing</th>
<th>Domestic Assistance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Allied health</td>
<td>Food services</td>
<td>Community Transport</td>
</tr>
<tr>

<td>Home Maintenance</td>
</tr>
</tbody>
</table>

There is also support and help for people who are homeless or at risk of being homeless.

These services are subsidized by the Australian Government. Costs vary for different types of care and different service providers. You are expected to contribute to the cost of your care if you can afford to. If you believe you can not pay, you can ask for financial hardship assistance.

**TIP** - If you are not eligible for any of these government funded/subsidized programs, many of the services in this guide can still be purchased privately. Ring them and ask.
**Step 1**
To find out if you are eligible, you need to contact My Aged Care on **1800 200 422**. You can also check out their website [www.myagedcare.gov.au](http://www.myagedcare.gov.au). They will ask you questions about your current needs and circumstances.

**Step 2**
If you are eligible under the CHSP you will be referred to have an assessment by a Regional Assessment Service. They will contact you and organise a time to visit you at home. In the Blue Mountains there are two services who do this - Aged Care Assessment Service and NSW Health Regional Assessment Service Nepean/Central West.

**Step 3**
The assessor will then help you develop a support plan that records what you discussed and identifies types of services that will assist you. They will then assist you in referring to relevant services.

A range of local CHSP Blue Mountains services available are listed in this Guide and can be identified with the following:

**MAC Registered Service (CHSP)**

For full listing of services, see the My Aged Care Website - [www.myagedcare.gov.au](http://www.myagedcare.gov.au) or ring **1800 200 422**.
Home Care Packages are available for older people who need coordinated services to help them continue to live at home. They also can provide support to younger people with a disability, dementia or other special care needs that are not met through other specialist services (eg NDIS - see page 13).

Home Care Packages assist eligible people with a coordinated package of care, services and case management to meet their personal needs. The program offers a Commonwealth government funded subsidy for individual care packages.

There are 4 levels of home care packages from Level 1 providing basic care support to Level 4 providing high-level care support. Each level of home care package provides a different subsidy amount. This amount is paid to an approved home care provider that the person selects. People receiving the package are also expected to contribute to the cost of their care and this is determined by the Department of Human Services.

Your nominated package provider will work with you to identify the range of services that you need so you can live a more active, independent life. A few examples of services you can access through your package include:

How to access a Home Care Package

**Step 1**
To find out if you are eligible for a Home Care Package, contact My Aged Care (MAC) on 1800 200 422. They will ask you questions to determine if you need an assessment by an Aged Care Assessment Team (ACAT) or any other help at home services. Also see MAC’s website www.myagedcare.gov.au where there are further details and resources on Packages.

**Step 2**
If you are referred to an ACAT, they will contact you and organise a time to visit you at home. ACAT are a multi-disciplinary team of health professionals who provide comprehensive assessment of older people to identify care needs. During the assessment, the ACAT will determine if you are eligible for a package and what level package best suits your needs. For ACAT enquiries contact Blue Mountains Nepean Aged Care Assessment Team on 4734 3827.

**Step 3**
If you are assessed as eligible for a package, you will receive a letter of approval from My Aged Care, advising the Package Level you are approved to receive. You will also be placed in a national priority queue for a package and will be contacted when a suitable package becomes available for you.

**Step 4**
While you are waiting, check out the full listing of Home Care Package providers at www.myagedcare.gov.au. A few local providers are listed on the following page.
There are various Home Care Package providers in the Blue Mountains. Contact My Aged Care on **1800 200 422** for more details. To access a full listing of Home Care Providers go to [www.myagedcare.gov.au](http://www.myagedcare.gov.au). Some local providers include:

What is the NDIS?

The National Disability Insurance Scheme (NDIS) provides all Australians under the age of 65 who have a permanent and significant disability with the reasonable and necessary supports they need to enjoy an ordinary life.

The NDIS will provide people with disability with the necessary supports to achieve their goals. This may include a range of supports and therapies, mobility equipment and assistance with employment. The National Disability Insurance Agency (NDIA) is the independent Commonwealth government agency responsible for implementing the NDIS.

Who is eligible for NDIS?

To be eligible for NDIS you must have the following:-

- A permanent disability that significantly affects your ability to take part in everyday activities or have a developmental delay
- Be aged less than 65 when you first enter the NDIS
- Be an Australian citizen or hold a permanent visa or a Protected Special Category visa. Contact 1800 800 110 or [www.ndis.gov.au](http://www.ndis.gov.au) regarding eligibility.

TIP - for people with hearing or speech loss contact NDIS via TTY: 1800 555 677 or Speak and Listen: 1800 555 727. For people who need help with English contact TIS on 131 450.
How to access NDIS

Step 1
To access the NDIS, ring **1800 800 110** and ask for an NDIS Access Request Form. Alternatively you can visit the Local Area Coordinators Office (Uniting) at Shop 3, 297 Great Western Highway, Lawson or Level 1, 83 Henry St Penrith (ph: **4723 9444**). You must fill in all sections of the Form. Submit the completed Access Form in person, or by mailing it to GPO Box 700, Canberra ACT 2601 or email **NAT@ndis.gov.au**.

Step 2
If approved, you will be assigned to a Uniting Local Area Coordinator (Uniting is an NDIS partner covering the Blue Mountains and Nepean). They will contact you and advise you of your approval and will organize a meeting with you to start preparing for your first plan. If you have been deemed as ineligible for NDIS you will be notified in writing.

Step 3
The Local Area Coordinator will submit your first plan to the National Disability Insurance Agency (NDIA) and you will be notified of the outcome. You will then be able to commence organizing relevant services, based on your first plan.

A range of local NDIS Blue Mountains services available are listed in this Guide and can be identified with the following:

**NDIS Registered Service**

Complaints about services

It is important to inform your service provider if you have any concerns about the service you receive. Each service should have a Complaints policy and procedures in place to assist you making a complaint. Ask your provider to give you information on this, if you haven’t received it already. Even if you lodge a complaint, services will continue to assist you. You can also request to have assistance from an advocate (see pages 24 - 25 of this guide for some advocacy services available).

If you feel your complaints have not been properly addressed you can contact:

**Aged Care Services**
- Aged Care Complaints Commissioner on **1800 550 552**
  or visit [wwwagedcarecomplaints.gov.au](http://wwwagedcarecomplaints.gov.au)

**Disability Services**

Local Area Coordination NDIS 4723 9444

Local Area Coordinators (LACs) assist people with disability to access the NDIS. Once deemed eligible for the NDIS, the LACs will work with the person to help them understand how NDIS works, help identify their goals for their first NDIS plan, and explore ways to achieve these goals. Uniting has partnered with NDIA to provide LAC in the Mountains. www.uniting.org

To access NDIS, first contact NDIS by ringing 1800 800 110 (www.ndis.gov.au) and ask to get an Access Request Form. See pages 13 - 14 of this guide for more details and steps to follow.

Coordination of Supports NDIS

For some NDIS participants, support coordination is included in their NDIS Plan. Support Coordination helps to build the capacity of an NDIS participant to implement all supports included in their plan, such as informal, mainstream, community and funded supports. Support coordinators work with participants to use their support budgets to achieve their goals. The next page has a list of some of the organisations offering Support Coordination in the Blue Mountains. All these services are NDIS Registered Services. For a full listing please go to: https://www.ndis.gov.au/document/finding-and-engaging-providers/find-registered-service-providers

NB: Many of these services also provide a range of NDIS supports and offer Plan Management services. Plan Management assists you manage the financial tasks of the plan and enables individual access to non-registered providers. Check out their websites for all supports offered.

RSPCA NSW - Community Aged Care

Pets can often be therapeutic for the older person. However age and disability often restricts owners from seeking veterinary assistance for their pets or just general care.

This program provides:
- General monitoring of the persons pet by RSPCA staff
- Support in caring for pets
- Treatment by RSPCA vets when required
- Foster accommodation of the pet should the owner require hospitalization
- Assistance with pet food if needed and
- Monthly grooming.

To be eligible, you must be an elderly person over 65 owning a pet, who does not have friends or relatives willing to take responsibility for the pet. Owners are asked to pay a nominal fee according to their means for veterinary services, grooming or boarding.
