

Group Fact Sheet

City & Community Outcomes

Function and Role

The primary focus of Blue Mountains City Council's City and Community Outcomes Directorate (C&CO) is to drive the translation of the objectives and strategies identified in the City's community strategic plan - Sustainable Blue Mountains 2025 into tangible outcomes.

The key roles of the City & Community Outcomes Directorate are to:

- Develop and implement the strategic direction, policy and standards for the planning, development, presentation and care of the City's built and natural environment
- Provide a wide range of programs and services for the benefit and well-being of the Blue Mountain's community and visitors to the region
- Deliver renewal and targeted improvements of community assets to maintain a vibrant City and support local communities and economies.

The City & Community Outcomes Directorate has four functional areas, each with their own specific responsibilities as follows:

Community & Economic Outcomes Branch

- City Planning
- Community & Facilities Planning
- Economic Outcomes
- Community Development
- Recreation and Facilities Management
- Property & Investment

Environment & Culture Branch

- Environmental Planning & Assessment Program
- Natural Areas Management
- Bushfire & Emergency Management
- Waste & Sustainability
- Culture & Heritage
- Healthy Waterways

Infrastructure & Strategic Assets Branch

- Strategic Asset Management
- Infrastructure Planning
- Design and Survey
- City Projects

Strategic Outcomes & Projects Branch

This branch supports the above three branches through the provision of:

- Strategy
- Business Management
- Project Management Office
- Knowledge Management
